The 16th Annual Conference which will be held virtually on the Zoom Platform.

**Submissions Due May 10, 2024**

Imagery International is excited to announce our theme, *Birthing a New World with Imagery*.

The Imagery International Conference brings together diverse imagery practitioners from various fields to share how they use imagery in their work, as it relates to each year's theme. Past presenters have included nurses, therapists, curanderas, artists, shamans, movement professionals, coaches and others. Shared practices ranged from guided, interactive, integrative imagery to hypnotherapy, dream tending, depth psychology, storytelling, movement experiences and more.

What do the words, "Birthing" or "A New World" evoke for you? If you are inspired, we invite you to submit a proposal to share your imagery experience and practices in a workshop at this year's conference.

To be considered, your workshop presentation must:

- Align with our conference theme.
- Include a course outline which reflects the use of both experiential activities and lecture, with the emphasis on experiential.
- Fit within a 90-minute total timeframe, including 15 minutes for audience Q&A at the end. (Your presentation will be 75 minutes.)
- Please note: All parts of the application must be completed when submitted. Otherwise, the proposal will not be considered.

The proposal deadline is May 10, 2024. However, the earlier we receive your proposal the better!
